Aims and Scope

The *Journal of African Earth Sciences (and the Middle East)* is an international interdisciplinary journal devoted to all aspects of research related to the African continent and neighbouring regions. Papers incorporating the results of research on regional geology of the African cratons and mobile belts, economic geology, geophysics, structure, Quaternary geology and analysis of sedimentary basins are featured.

Submission of papers for publication is welcomed. Contributors should send three copies of completed manuscripts to the Editor-in-Chief or any of the Editorial Board.

In addition the journal will include book reviews, short notes and selected papers from the proceedings of conferences, symposia and workshops on any aspect of African geology and related subjects.

Publishing and Advertising Offices. Headington Hill Hall, Oxford OX3 0BW, U.K. (Oxford 64881). Maxwell House, Fairview Park, Elmsford, NY 10523, U.S.A. All subscription enquiries should be addressed to: Subscriptions, Pergamon Press plc, Headington Hill Hall, Oxford OX3 0BW, U.K.
Annual Institutional subscription rate (1990) DM 720.00.
Two-year Institutional rate (1990/91) DM 1368.00.
Personal subscription rate for those whose library subscribes at the regular rate (1990) DM 216.00.
Prices are subject to change without notice.
Back issues of all previously published volumes, in both hard copy and on microform, are available direct from Pergamon Press offices.

Published eight times per year (as two volumes)
